Vol. 19 No. 166

JULY, 1967

Provo, Utah

SPECIAL  
EDITION

Construction projects on BYU campus include (1) new series of buildings for laundry, auxiliary services, University Press and food services; (2) addition to the Jesse Knight Building; (3) new Life Sciences Building; (4) high pressure-high temperature research building; (5) addition to the Benjamin Cluff Plant

Science Building. The addition to Jesse Knight Building and the research building will be completed when students return; the service buildings will be under way, and the others are on the drawing boards.

## Five Campus Building Jobs Slated

Five construction projects in various stages of planning and completion are under way at Brigham Young University.

They are:

1. Three large buildings for the laundry, press and food services, and auxiliary services, ready about next spring.
2. Extension to the Jesse Knight Building, to be completed before autumn semester.
3. Life Sciences Building, now on the drawing boards, two years away.
4. High Pressure-Temperature Research Building, completed except for some interior partitions.
5. Extension to the Benjamin Cluff Jr. Plant Sciences Laboratory, still in blueprint stages.

Following are descriptions of the projects:

**Auxiliary buildings**—The three buildings for auxiliary services will be constructed north of 17th North, across the street from the Desert Towers and Wyview Village. The building closest to Ninth East will be the Laundry, which will be moved from a temporary quarters but building near the heating plant. The next structure will be a large warehouse for auxiliary services to store and maintain furniture, bedding, cleaning equipment and supplies, tools, machines, etc.

Westernmost building, and the largest, will be divided into three sections for the Y press (printing, binding and storage), warehouse and preparation area for Food Services, and the front, or office section of the building, for University Publications editors, Extension Publications, Central Mailing and others concerned with writing, editing, and marketing publications. All of these buildings will be attractive, faced with brick and trimmed in white stone, and landscaped.

**Jesse Knight Building Extension**—Layton Construction Company is putting finishing touches on the exterior of the Knight Building Extension. The new wing will provide 35 additional classrooms, three new lecture halls, five departmental offices and 73 faculty offices. Two of the lecture halls will seat 250 persons, and can be used as chapels for convocations.

The new building is 172 feet long and 80 feet wide. Each of the three levels will add about 13,760 square feet of floor space. A baptistal font will be constructed in the basement.

**Life Sciences Building**—Final plans are being prepared for the new Life Sciences Building, which

## LDS Stakes Serving on BYU Campus

The 67 on-campus wards that are students at Brigham Young University were redistributed into 11 stakes at a special stake conference held April 30. The presidents of the eight BYU stakes and the number of wards each stake are as follows: First Stake, President Raymond E. Beck, 9 wards; Second Stake, President Clyde D. Sandgren, 10 wards; Third Stake, President Fred A. Wendman, 10 wards; Fourth Stake, President William R. Sedberry, 8 wards; Fifth Stake, President A. Harold Goodman, 9 wards; Sixth Stake, Wayne B. Hales, 6 wards (all composed of married students); Seventh Stake, President A. Peterson, 8 wards; Eighth Stake, President David H. Yarnall, 10 wards. The new distribution means that the presidents will be responsible for fewer wards. Previously, there have been as many as 14 wards in a stake.

## Autumn Signup Set Sept. 14-16

Approximately 20,000 students are expected to fill the George Albert Smith Fieldhouse for the three-day registration process when Brigham Young University's fall semester begins.

Registration is scheduled for Sept. 14, 15 and 16. All students coming to BYU for the first time, transfer or freshmen students, will register Sept. 14.

All returning students will register Sept. 15 and 16 reported Bill Sampson, director of registration. Included in the process of registration will be student meetings with faculty advisers to set class schedules, payment of tuition and fees, purchase of health and accident insurance for those who want it, registration of automobiles and purchase of parking permits.

Mr. Sampson said registration packets will be prepared for all students enrolled on a daytime status during the spring 1967 semester or enrolled as daytime students during either 1967 summer session and all new students who have been accepted.

Late registration will be permitted until Sept. 29 with a late fee

being assessed. Sept. 29, will also be the last day for students who have already registered to add or drop classes.

Students will be admitted to the fieldhouse on a strict alphabetical schedule and must show their activity cards or their permits to register to be admitted to the building. Applications for new freshmen

students ended April 30 and at that time the administration sent out final notices to complete the freshman class. Transfer students have until July 31 to apply for admission. Administrative officers said the University is seeking to hold the enrollment this year at about the same level as last year—around 20,000 students.

## Registration Schedule

Thursday, September 14, 1967

All new undergraduate students who will register at B.Y.U. for the first time and all freshmen who registered during summer school 1967 at B.Y.U. for the first time will register at the Smith Fieldhouse in the following order:

Hailed as best piano team in the business

## Speech, Drama United

The Speech Department and the Dramatic Arts Department at Brigham Young University will be combined into a single Department of Speech and Dramatic Arts next autumn semester.

Chairman of the combined department will be Dr. Lael J. Woodbury, now chairman of the Department of Dramatic Arts.

The Speech Department curriculum includes the areas of speech and hearing correction and therapy, public speaking, debate, confer-

ence leadership, reasoned discourse, parliamentary procedure, phonetics, audiology, speech composition, etc.

Dramatic Arts includes such areas as voice, diction, acting, makeup, stage craft, interpretation, creative dramatists, directing, theater history, children's theater, playwriting, play production, etc.

President Wilkinson said the two departments are being combined to eliminate excessive cross-referencing caused by teaching requirements which include both areas.

## World's Great Artists Scheduled

Some of the most talented performers in the music world have been scheduled for the six concerts of the Brigham Young University Community Concert Series for 1967-68.

Included in the series are the Fiesta Mexicana, with 30 dancers, singers and musicians portraying 600 years of Mexican tradition; Vladimir Ashkenazy, outstanding Russian pianist; Utah Symphony Orchestra; duo-pianists, Gold and Fizdale; Bella Rudenko, Soviet coloratura soprano; and Valery

Klimov, outstanding Russian violinist.

A thrilling panorama of Mexico, both old and new, will open the series Oct. 19. The exotic dances and rituals of pre-Hispanic Mayan and Aztec cultures will be contrasted with the classic and popular dances of Spanish new Mexico. Abounding in richly colorful costumes and decor, the dancers and singers are accompanied by the novel sounds of ancient instruments as well as the modern Mariachi orchestra.

Nov. 2 will be the outstanding Russian pianist, Vladimir Ashkenazy. At age 17, Mr. Ashkenazy won second prize at the fifth international Chopin Competition in Warsaw and commenced study with one of the world's most renowned teachers, Lev Oborin at the Moscow State Conservatory. In 1966 he won first prize in the Queen Elizabeth Competition in Brussels.

The Utah Symphony, recently adding a triumphant tour of Europe to its list of musical accomplishments, is scheduled for Nov. 10.

The Symphony traveled some 10,000 miles through Europe giving 100 performances in five countries. The highlight of the tour was the performance at the famous Albi Festival.

Duo-pianists Gold and Fizdale hailed season after season as "the best and away the best duo-pianists in the business," will perform Jan. 4. The most often engaged team with the New York Philharmonic they performed this past year under the baton of Leonard Bernstein as well as with the Festival Orchestra of New York in Philadelphia Hall.

The well-known Soviet lyric soprano, Bella Rudenko, on her first tour of the United States, will sing in Provo Feb. 8. A native of the Ukraine where she first won fame at the Kiev Opera, Miss Rudenko is regarded both in the Soviet Union and western Europe as one of the most important singers of the day. Also scheduled on his tour is a performance in Lincoln Center's Philharmonic Hall.

Concluding the series Feb. 22 will be the outstanding Russian violinist, Valery Klimov. He won the Violin Prize in the 1958 Tchaikovsky Competition in Moscow. Mr. Klimov's only previous U.S. appearances were with the Moscow State Symphony on its initial tour.

## Top Experts Will Lecture at Y Forum Assemblies

Some of the nation's top educators, authors, and experts on foreign policy, flying saucers and the communications satellite have been scheduled for the 1967-68 Forum Series at Brigham Young University.

Dr. Noah Langdale, president of Georgia State College, will open the series Sept. 23. A former lawyer in Georgia, President Langdale has been honored many times for his outstanding contributions to education and the community.

A former president of the United Nations General Assembly, Dr. Charles Habib Malik, will speak Oct. 12. One of the world's foremost scholars, Dr. Malik is now professor of philosophy at the American University of Beirut, Lebanon. The former Ambassador of Lebanon to United States will speak on "The Struggle For Peace."

### NOBEL PRIZE WINNER

One of the most distinguished women authors in the world, Pearl S. Buck, will address students Oct. 19. She was awarded the Nobel Prize for Literature, not for one book as it is sometimes mis-

takenly said, but for the body of her work. During the summer of 1966 Miss Buck completed work on her 70th novel.

After twenty-four years of successful service as a school executive, Dr. Kenneth McFarland was recognized by the Lincoln Library as one of "the seven most famous American educators." This distinguished author, industrialist and educator will speak on the Forum Series Nov. 2.

Dr. Arthur C. Clarke, inventor of the communications satellite, is scheduled Nov. 16. An award-winning authority on space travel, Dr. Clarke is also a top-ranking science writer and a "master of science fiction."

### WIDELY TRAVELED

On Dec. 7, the distinguished expert on Asian and African affairs, Dr. Robert A. Scalapino of the Political Science Department at University of California at Berkeley, will speak.

The first assembly of the new year will feature the always popular Utah Symphony Orchestra under the direction of Maurice Abravanel. The orchestra, recently acclaimed for its European tour

and an appearance at the Athens Festival, will play Jan. 4.

Speaking Jan. 11 will be James W. Moseley, America's foremost expert on flying saucers. After attending Princeton University, Mr. Moseley decided to devote his life to the study of unusual celestial phenomena.

Dr. Walter H. Judd, a former member of Congress from Minnesota, is a nationally recognized authority on United States Foreign Policy. Scheduled on Feb. 1, Dr. Judd can speak with personal knowledge of what is happening in Asia and the Pacific after having lived 10 years in China as a medical missionary.

### HUSBAND-WIFE TEAM

A fascinating true-life account of daily life in East Africa by a delightful husband and wife team will be told Feb. 8. Betty Bruce and Jack Leslie-Melville will present some light thoughts concerning the dark continent and some serious thoughts about the problems facing the newly emergent independent nations.

Dr. Albert Hibbs, the NBC Science Editor, is scheduled Feb. 22. For the past few years, Dr. Hibbs System.

has been the host on NBC's award-winning educational television program, "Exploring."

A noted actor of stage, screen and TV, Alexander Scourby, will appear Feb. 23. In addition to major roles in television dramas, Mr. Scourby is known as a most sensitive and knowing narrator.

### DISCUSSES MEMORY

Irv Wernmont, author and lecturer and currently public relations director of a large New England corporation, will speak Mar. 21.

Washington Bureau Chief for the Saigon Post, Tran Van Dinh enables his listeners not only to understand what is happening in Asia, but why it is happening. A noted author, Mr. Van Dinh has just completed a book on American-Vietnamese relations. He will speak April 18.

Dr. Ballentine Henley, president of the College of Medicine, University of California at Los Angeles, will address the Forum audience on April 25.

Concluding the series May 9 will be one of America's noted educators, Dr. John Gillispie, head of the Massachusetts State College.

**DR. CHARLES MALIK**  
Former U.N. Assembly President

**DR. JOHN GILLESPIE**  
Leading American educator

**PEARL S. BUCK**  
Noted authoress to speak

**JAMES W. MOSELEY**  
Expert on flying saucers

**DR. ROBERT A. SCALAPINO**  
Traveler in Orient, Africa

The 1967 student Executive Council members for 1967-68 are (left to right) Grant Richards, Stuart Collyer, Garth Fickett, Lee Radebaugh, Paul Gilbert,

Evelyn Stilborek, Bob Fitch, Lowell Castleton and Russ Booth. Merwin Grant was absent when the picture was taken. These students were elected at

the campus polls last spring or received their appointments from Student Body President Paul Gilbert.

## Three Editors Selected for Student Publications

Editors and business managers have been chosen for three student publications for the next school year.

Editor of the Daily Universe is Ron Summers, a communications major from Edmonton, Alberta,

Canada, who served last year as managing editor. Business manager of the Universe is Ronald J. Miller, a senior advertising and public relations major from Provo. Banquet yearbook editor will be Jeanne Wolfenden, English major from Magna, Utah, and Orson Haynie, radio and television major from Los Angeles, will be business manager.

### DIRECTORY MANAGER

Mr. Miller also will serve as business manager of the Student Directory. Most of this work will be done during the summer since it involves the sale of advertising.

The directory will be published in mid-October, as soon as students' names, addresses and telephone numbers can be listed.

Merwin G. Fairbanks, adviser to BYU student publications, said the Universe increased from an average daily size of eight and one-half pages a year ago to eleven and one-half pages last year. The newspaper is financed one-third by student funds and two-thirds from advertising.

### TO STRESS ACCURACY

"The Daily Universe for 1967-68 will place more emphasis on campus events and a concerted effort for accuracy," said Mr. Summers. Mr. Fairbanks reported the Banquet sales are increasing each year and reached 8,000 copies last year. The book has won wide acclaim for its quality printing by the BYU Press, layout, and color photography.

The Summer Universe, which is published three times a week, is being operated by Dona Gregory, editor, and Brent Soffe, business manager.

## Tuition, Fees to Increase

Tuition and fees increase will go into effect with the beginning of the fall semester, 1967.

The increase will raise each semester's cost to \$200 for members of the Church and \$225 for non-members. Previously, tuition fees totaled \$175 per semester for members and \$250 for non-members.

According to William R. Sidney, dean of admissions and records, the increase was necessary to help defray the rising cost of educating each student.

Approximately 70 per cent of the cost of operating the university is derived from the tithe fund of the Church. For this reason, the school charges higher tuition from non-member students since members and their families have already made a contribution to the

school through payment of tithing. **THIS PLAN** is similar to that followed by state universities which charge higher fees for out-of-state students. Since these universities are supported by taxes, in-state residents have already paid a portion of supporting the school, while non-residents have not.

Dean Sidney said that even with the higher tuition paid by non-members, it still pays only half of the total cost of educating each student at BYU.

Tuition and fees do not entitle part-time students to health center service or student activity privileges.

According to the BYU Catalog of courses, a part-time student is an undergraduate student taking 9 credit hours or less during the semester, or a graduate student taking 8 hours or less.

RON C. GOSSLING  
Homecoming Week chairman

## Arizona-BYU Scheduled For Homecoming

Homecoming Week 1967 at Brigham Young University, Nov. 5-11, will be filled with activities for students, faculty and returning alumni.

Centered around the theme "Cast A Fearful Shadow," Homecoming will feature many of the traditional events, plus many new activities.

Chairman is Ron C. Gossling, a senior majoring in zoology from San Rafael, Calif. Jim Sandberg, co-chairman of the week, will help coordinate the big project.

The theme was chosen by the Homecoming Committee from entries submitted in a contest. Roger Lambert, who submitted the winning suggestion, will be entitled to free tickets to all of the Homecoming activities throughout the week.

### BIG FOOTBALL GAME

The University of Arizona-BYU football game, Nov. 11 at 1:30 p.m. in the stadium, will be one of the highlight activities.

According to Robert Theis, royalty chairman, applications for the queen contest will be available as soon as school starts, and organizations should select their candidates as far in advance as possible.

### HOUSING DECORATIONS

The housing decoration contest will be divided into off campus and on campus housing, using the Homecoming theme as a guideline.

Thursday evening will be devoted to the concert, which will feature big-name entertainment. Dances will be held Friday night in many campus buildings, and Saturday evening the Fieldhouse Frollics will be presented in the Smith Fieldhouse by the Program Bureau.

Saturday's activities will begin with the parade in downtown Provo. Rick Gunn is parade chairman.

## Officers Face Challenge Preparing For Fall Term

Athletic, academic, social and cultural activities for a student body of 20,000 challenge the seven elected student Executive Council members at Brigham Young University.

Student body president for 1967-68 is Paul Gilbert, a senior from Provo, majoring in history. He garnered 72 per cent of the votes last spring.

Garth Fickett, a senior economics major from St. George, Utah, and Stuart Collyer, a senior from Farmington, N. M., majoring in history, will assist the student body president in his office, acting as executive assistants.

A junior history major from Las Vegas, Evelyn Stilborek, will fill the executive secretary duties.

Merwin Grant was elected vice-president in charge of social activities. Dances, entertainment, and special student activities come under the direction of his office. Mr. Grant is a junior, majoring in pre-medicine from St. Johns, Ariz.

Bob Fitch is vice-president of athletics. He is in charge of pep activities, closed-circuit telecasts, intramural publicity, games area, the All-American Committee and

the trophy display case. Fitch is a graduate student majoring in advertising and public relations from San Diego, Calif.

Academic Vice-President Grant Richards is from Pleasant Grove, Utah, a junior majoring in Animal Science. Mr. Richards helps to promote the academic image of BYU and bring to the students academic experiences which cannot be obtained in the classroom.

Russ Booth, vice-president of culture, is a zoology major from Salt Lake City. The culture office is in charge of student assemblies, art and culture weeks, special productions such as the Y Americans, songfest, Skits-O-Frantic, providing entertainment and creating a cultural atmosphere.

A senior accounting major from Urbana, Ill., Lee Radebaugh is the vice-president in charge of finance. He supervises allocation and accounting of student funds.

The student relations vice-president, Lowell Castleton, is a senior political science major from Malad City, Idaho. Elections, public relations, leadership, married students, speakers bureau, Health and Safety Committee and others come under his supervision.

## Y Sets High Standards

Visitors to Brigham Young University are always impressed by the wholesome, clean, well-dressed students on campus. In an effort to maintain these high standards of conduct and dress, a pamphlet, "For the Strength of Youth," has been published to help students answer questions about propriety in matters of dress, dancing, dating and general conduct.

Modesty, says the booklet, is a requisite for the youth of the Church, and since it cannot be determined by inches or fit, each person must be responsible for making his own decisions on the matter.

Strapless gowns or spaghetti strap dresses for any occasion are specifically pointed out as being inappropriate dress. Girls should dress to enhance their natural beauty and femininity, says the booklet.

For boys, shorts or bermudas and sandals without socks are not acceptable for campus wear.

For all occasions, neat, practical and conservative dress are encouraged, and students are urged to "see yourself as others see you."

In dancing, suggestive body movements, poor posture, and music with an extremely accented beat are considered unacceptable for BYU.

Concerning the matter of dancing, Pres. David O. McKay has said: "Many of the youth of our Church do not have any evil intentions in dancing current fad dances. However, we think the test of a proper dance is not whether the dancers have evil intentions, but whether the dance is of such dignity and propriety that, even to an onlooker, it suggests nothing but style and good grace."

Pres. McKay's statement urges young people to avoid the appearance of evil and points out that "There are too many fine things in this world for the young people to engage in without resorting to dances that are questionable."

## Meet Your Bishop At Special Night

All students will have an opportunity to meet their bishops at "Meet Your Bishop Night," Sept. 13, from 6 to 10 p.m. in ward chapels or auxiliary chapel areas.

There will be a brief program, followed by a personal greeting from the bishop and counselors. It will be necessary for each student to find the schedule for his ward.

# New Football Roster; Carter, Ogden Gone

Prepare a new vocabulary of football names as you plan to follow the 1967 Brigham Young University football team.

On offense study Terry Sanford at quarterback, Ron Wakley, Tom Rippee, or Wally Hawkins at fullback, Mike Weinkauff at center and Joe James at halfback.

On defense you'll learn the names of Craig Bozich, Paul Sutorius, Tom Lahmann, Tim Tenbrook, John Adauto, Sam Hanna, Larry Echeverre, and John Lape.

Gone are the Ogdens, John and Steve, Kent Oborn, Virgil Carter, Glenn Gardner, Ben Lavery, Curg Belcher, Dennis Palmer, Tim Russell, Lou Andrus and other familiar names of the past three years.

In all coach Tom Hudspeth saw 11 three-year lettermen graduate or finish their football eligibility at BYU with a 34-6 win over Pacific on Nov. 25 last. These were stalwarts who helped bring the Cougars to a WAC championship in 1963 and an all-time best win-loss record of 8-2 in 1966.

"We're going to be very inexperienced in critical spots," says the BYU mentor who is now in his fourth season with the Cougars. "Our inside attack, the backbone of our offense, has been cleaned out, and as a result we can't be compared to the squad of last year."

The critical spots, says Hudspeth, will be at quarterback, fullback, center and offensive guard, and that presents a real void down the center.

## DEEP DEFENSIVELY

Defensively, the line is the deepest it has been since Hudspeth came to BYU, and a crop of newcomers might be able to fill in the vital spots where help is needed the most.

Out of spring training came three terrific sophomores who will likely start when the Cougars open the 1967 grid season against New Mexico at Provo in a WAC game.

Sophomore quarterback Terry Sanford, a former all-around athlete at West High School in Salt Lake City, was out front in the spring. Sanford proved his physical power in the spring game when he met head on with alumni Curg Belcher. Sanford was already back to his huddle before Belcher was helped up.

Two other sophomores Ron Wakley, fullback, and Mike Weinkauff, center, are first class candidates to move into these varied strategic positions.

## SCHEDULE—

Sept. 23 N. Mex. @ Provo 8 p.m.  
Sept. 29 W. Mich. @ Provo 8 p.m.  
Oct. 7 Wyoming @ Laramie 1:30 p.m.  
Oct. 14 Ore. St. @ Corvallis 1:30 p.m.  
Oct. 21 Tex. West. @ El Paso 8 p.m.  
Oct. 28 Utah @ Provo 1:30 p.m.  
Nov. 4 ASU @ Logan 1:30 p.m.  
Nov. 11 Arizona @ Provo 1:30 p.m. (Homecoming)  
Nov. 18 ASU @ Tempe 8 p.m.  
Nov. 25 San Jose @ Provo 1:30 p.m.

## Basketball Tour

Brigham Young University's basketball team will depart July 25 for a six-week tour of the Far East and South Pacific.

The itinerary includes stops in Korea, Formosa, Philippines, Malaysia, Australia, New Zealand, Tahiti, and Hawaii.

Of the 25 games to be played, 12 are scheduled for Australia, four in Manila, three in Seoul (Korea), and two in Auckland (New Zealand). Single games will be played in Tokyo, Taipei, Formosa, Singapore, and Papeete Tahiti.

## BYU Athletes

### Honored All-WAC

Brigham Young University athletes representing almost every BYU athletic team were selected to all-star teams or won conference titles during the 1966-67 school year.

Football: all-WAC first team—(Offense) Virgil Carter, Grant Wilson, Phil Odin, John Ogden; first team defense—Curg Belcher, Bobby Roberts; all-WAC second team—Casey Boyett, Joe Scanlan, Glen Gardner; honorable mention—Dick Banks, Max Newberry, Perry Rodrigue, Sid Frazier. Carter was recently selected as WAC athlete of the year by United Press International.

Basketball: all-WAC first team—Karl Lilimo; second team—Craig Raymond, Jim Jimas; honorable mention—Neil Roberts. Roberts selected to the district seven all-star team.

Wrestling: Individual WAC champion—Howard Hall; Joe Lyman, Chuck Henry; Russ McAdams placed fourth in NCAA.

Swimming: Fred Baird won two individual WAC titles.

Golf: all-WAC first team—John Miller and John Evans.

Gymnastics: John Morrissey won individual WAC title.

Baseball: all-WAC northern division—John Englehardt, Dick Clark, Dennis Lamb, Steve Davis, Larry Romney, Ken Nielson; Lamb selected to district seven all-star team and third team all-America.

Track: Individual WAC champions—Pete Pausi, Ken Paterson, Tom Bonin; all-America selections—Patena, Ed Hanks, Bob Hansen, Pete Dana.

## Former BYU Star Now Grid Coach

Dick Felt, seven-year veteran in the American Football League, accepted a coaching position on the BYU football staff in late January. Felt, a former Cougar great who retired from pro football following the completion of the 1966-67 season, will be freshman coach at the end of work part time with the Cougar's defense line back.

"We are particularly pleased to have a coach with Dick's football experience and background on our staff," said head coach Tom Hudspeth.

A native of Lehi, Utah, Felt was an all-conference halfback at BYU. He served an LDS Church mission in 1963. In 1964 Felt graduated from BYU and was commissioned an officer in the U.S. Air Force.

For two years Felt played football with the Boeing Air Force Base team in Washington, and in 1959 he was named the most valuable player in the Air Force and outstanding back in service ball. From the service team Felt went on to play successfully with the New York Titans and Boston Patriots. Felt was named to the AFL all-pro team in 1961 and 1962. He also played in the AFL all-star game in 1961-62.

Pictured above are six members of the 1967 BYU varsity football team who are expected to provide talent and experience for the coming season. Top row left to right: Bobby Roberts, co-captain and defensive back, Dave All-

phin, defensive end, Tom Lahmann, defensive back. Front row left to right: Craig Bozich, linebacker, Dick Banks, defensive tackle, and Terry Sanford, quarterback.

# Wrestlers Won Third WAC Title

## '68 Gym Team Seeks Recruits

John Morrissey won the only WAC title for BYU in the 1967 WAC gymnastics meet held at the Desert Gym in Salt Lake City when he edged Arizona's Art Armendariz in the horizontal bar competition by a .005 margin.

Perry Guinn, after placing third on the parallel bars and fifth on the still rings, went on to place third on the still rings in the regional NCAA meet to qualify for the nationals. Guinn scored a 9.28 of a possible 10 in his regional performance.

Arizona won the WAC title for the fifth time in as many years which is the same number of years the WAC has been organized.

New Mexico, under new coach Rusty Mitchell, a former U.S. Olympic champion, made a definite bid to win the '67 title but settled for second. The Lobos are most likely the team to beat for '68.

## BYU Graduates Line Up With Professional Teams

An unusual number of BYU football players were drafted or contacted to continue their football careers on a professional level following the 1966 season.

Virgil Carter was drafted by the Chicago Bears and is in rookie camp at the present time. Curg Belcher, defensive back signed with the Washington Redskins, tackle Lou Andrus is with the Denver Broncos, and two players, Glen Gardner and Ben Lavery, plan to play in the Canadian league.

Dennis Brewster from the 1965 team played with the Chicago Bears last year and is back for more and Bruce Smith, recently signed with the New Orleans team in the NFL.

The only BYU athletic team to win three WAC titles in the five year history of the mountain and desert conference is coach Fred Baird's wrestling team.

The Cougar grapplers made it two in a row this year and on the strength of five sophomores, three seniors and a junior.

Three of the sophomores won WAC titles. Chuck Henry won the 123 title, Howard Hall won at 152, and Joe Lyman is the 177 champion. Jeff Balchelor and Judd Humphreys, also sophs, placed second and fourth respectively.

Another milestone for BYU wrestling was registered in the '67 NCAA meet when Junior Russ McAdams placed fourth in the nationals in the 137 division.

BYU won the WAC wrestling title in 1963 the opening year of the conference and since Davis arrived in 1965 BYU has won the WAC wrestling crown in 1966 and 1967.

Another impressive highlight of the 1967 dual match schedule was a 17-13 win over UCLA before 6,500 fans in the Smith Fieldhouse.

Three members of the '67 team, Joe Lyman, Judd Humphreys, and Russ McAdams, are returned LDS missionaries.

FRED DAVIS  
BYU Wrestling Coach

## Swimmers Eye WAC Honors

Pinpointing the one highlight of the 1966-67 BYU swim season would be nearly impossible. Considering that the Cougars were just in the second year of major collegiate competition the 1966-67 season was phenomenal.

The splashing Cougars led the high point man Fred Baird, went undefeated in 17 dual meets, won the Denver Relays by 34 points, defeated the University of Utah by 46 points in a dual meet before an overflow audience in the BYU natatorium, and hosted the WAC swimming and diving championships where BYU finished second some 57 points above third place Wyoming.

## TEAM WORKHORSE

Baird, a freshman from San Diego, Calif., was the workhorse of the BYU swim team. He led the team in scoring with 156.1 points and won the Cougar's WAC title in the '67 meet. Baird won both the 100 and 200 butterfly events and set WAC records in both.

Dennis Meyring the only senior on the team was second in team scoring. Meyring, who won three individual WAC titles in 1965 will be a graduate assistant to coach Walt Cyster next season.

## POINT GETTERS

Distance swimmer Dave Vandushaf and sprinter Doug Reagan were third and fourth in team scoring. Reagan along with Meyring were members of the 1966 swim team which was the first for BYU since the late twenties.

Cocher Crier will shoot for the WAC title in '68 and with the returning talent and newcomers the Cougars will be a definite threat to move Utah from the WAC middle throes.

# mo, Eakins, Lythgoe y to '68 Basketball

"I'll be talented on the front line (forwards and center) with Limmo, Marty Lythgoe, and Jim Eakins but we're facing competition in the backcourt," is the veteran BYU basketball Stan Watts has for the 1967-68 season.

Cougars shared the WAC title with the Wyoming Cowboys season. Five of BYU's most famous basketball players graduated played their eligibility. This

Neil Roberts, Gary Hill, Raymond, Jim James, and James were highly praised in the co-championship last and also in the title which won outright in 1965. The of their varsity career "NTI championship in 1966" this popular five was phasing some sparkling new talent, including moving up Karl Limmo, a member of the Finnish team, won all-WAC honors and was a sometime starter as mentioned across the nation American material.

## OTHERS RETURN

More Marty Lythgoe was the big reason for the last success. Lythgoe plays like the basketball and is a main in the BYU fast break. Jim the talented 6-11 center, rally have the green light all-time action. Eakins has well as a sophomore and but was a sometime starter aymond on the squad, U would have to think several years before finding on when the guard line was

# BYU NCAA Host; Nation Visits Provo Cougars Place 4th; Four All-America

## Miller Fifth In NCAA Golf

Coach Karl Tucker's BYU golf team scored a major victory in collegiate golf this spring. Besides winning an unprecedented third straight Pikes Peak Intercollegiate golf tournament the Cougars defeated national power Houston University by two strokes for the title.

BYU and Houston have met in several tournaments and Houston has generally taken home the first place trophy. It took a 25-35 foot chip shot by John Miller for a par five on the 18th hole at the Broadmoor Golf Club in Colorado Springs to turn the trick on mighty Houston and let the world of collegiate golf know that Houston is beatable.

Miller, the low amateur in the 1966 U.S. Open in San Francisco, brought more attention to BYU and the golf team as he played in the world's most heralded golf gathering, the Masters Tournament at Augusta, Ga., where he placed seventh among the 13 amateurs entered. Miller also played in the '67 U.S. Open but wasn't up to his best game.

Miller, John Evans, Mike Taylor, Jack Chapman, and Lee Robison represented BYU in the NCAA meet in June. Miller carried the BYU banner throughout the tournament and finished the 72-hole NCAA finals with a 290 score which gave him a tie for fifth place.

## BYU Sports Action Seen On KBYU-TV

During the 1966-67 school year complete television coverage of BYU athletics was carried over KBYU-TV Channel 11 from the BYU campus.

Taped playbacks of football, basketball, wrestling, gymnastics, baseball, swimming, track, and golf action were carried in a weekly BYU Action Sports program along with live interviews with coaches, athletes, and people in the world of athletics.

Complete live coverage of the WAC swimming and diving championships from the BYU pool and the WAC gymnastics finals from the Desert Gym in Salt Lake City were carried over KBYU-TV.

Currently the BYU Action Sports program is on the air at 8:30 p.m. on Channel 11 each Wednesday night during the summer. The 1967-68 fall time and date is to be announced.

## The Attitude, Not Altitude

(Excerpt from column written by John Mooney, Sports Editor of the Salt Lake Tribune.)

PROVO — They came to Provo worrying about the altitude but the attitude got them first.

The thin air was forgotten when Provo and BYU rolled out the thick carpet for the several hundred athletes, coaches and newsmen for the NCAA track and field championships.

Brigham Young University, headed by Athletic Director Floyd Miller, coach Clarence Robison and publicist Dave Schulthess, and no one knows how many paid or volunteer helpers, ran the meet in the professional fashion we have come to expect of them.

Schulthess had the help in the press box of publicists Ron Fessenden of Utah, Don Spainhower of Weber State, and Harvey Kirkpatrick of Utah State.

What will make this meet memorable in the years to come is not the altitude and its effects on the athletes, but the attitude of hundreds of Provo friends who are knocking themselves out trying to make the stay pleasant.

## Baseball Team Wins Division; Cougars Write Record Book

Baseball at BYU reached a peak this spring as the Cougars under coach Glen Tackett won the northern division of the WAC and made a bid for the WAC title against Arizona State at Tempe.

The ASU Sun Devils won the WAC and went on to win another NCAA title two weeks later.

Three BYU pitchers have been drafted by professional baseball clubs, Jim Engelhardt and Bob Federaro are property of the California Angels. Engelhardt is with San Jose in the California League. Federaro's assignment is unknown. The San Francisco Giants drafted hard throwing Marty Downen, however. Downen has another year of eligibility at BYU.

**ALL-AMERICA CHOICE**  
Dennis Lamb, a third-team all-America choice, will play on the U.S. team in the Pan-American games in Winnipeg, Canada in August.

Outfielder and co-captain Tom

Fife was awarded a \$1,000 scholarship for post-graduate work from the NCAA. Fife is a chemistry major.

There may have been more talented individuals on past BYU baseball teams but in the books the '67 team was best.

Three of the Cougar players were listed high in the national statistics and six of the starting nine were selected to the all-WAC northern division team.

## MANY RECORDS SET

The following records were set: team season records—hits (416), at bats (1,491), total bases (632), and bases on balls (261). Individual season records include most at bats, 176 by junior shortstop Steve Davis; hits, 61 by sophomore first baseman Gerald Cardon; doubles, 13, RBIs, 51, total bases, 96 by senior Dennis Lamb; and season strikeout (121) and low ERA (1.62) records by senior Jim Engelhardt.

Famous Brigham Young University International Folk Dancers please European audiences with their American verve.

## Europeans Welcome Famous Folk Dancers

The famous BYU International Folk Dancers, directed by Mrs. Mary Bee Jensen, are again enjoying the same enthusiastic reception they received last summer when they toured Europe.

The people of Santarem fed them full four course meals and the mayor of the city, in spite of his other duties, spent much time with them. Recently they were able to see the great bullfighter, El Cordoba. Several members of the group met him in the bullring after the fight, and later rode in a parade with him.

While they were in Santarem, they received word from the president of the LDS Netherlands Mission that they had been booked into

four of the largest theaters in Brussels.

On their first European tour in 1964, the students participated in the International Folk Festival in Varde, Denmark, the first representatives from the U.S. to dance in that festival. They were invited to represent America at 25 folk festivals in Europe in 1966 and gave over 100 shows in 16 countries.

This time they will be dancing in festivals in Santarem, and Lisbon, Portugal, and San Sebastian, Spain. However, the majority of their shows will be for the LDS missions in France, Belgium, the Netherlands, Finland, Sweden, Norway, Denmark, England, Ireland and Scotland. They will return to Provo about Aug. 17.

## Performers Score Hit In Europe

A Program Bureau troupe of 15 performers in a variety show called "Holiday in the USA" has been enthusiastically received by soldiers and LDS Church members in Germany, according to James Lawrence, head of the BYU Program Bureau.

Communications received from the group indicate that this eighth Program Bureau tour abroad is receiving the same kind of reception as the others. Letters from servicemen in the audiences tell of the profound effect the BYU performers have had on them.

The Program Bureau has taken four tours to the Orient, one previously to Europe and one to the northeast and Arctic command for the Armed Services, and one tour around the world for the U.S. Department of State.

The current tour left Salt Lake May 27 and did one show at McGuire Air Force Base before proceeding to Frankfurt, Germany. The rest of the tour will take them to military camps in West Germany, Berlin, and Italy.

Directed from the piano by Miss Janie Thompson, the show includes music, comedy and dance. It is a fast moving show that has proved popular all over the world.

On their days of non-performing for the military, they will give performances at branches and missions of the LDS Church.

The group, managed by student performer Charles Hansen, expects to give between 50 and 100 shows. They will return Aug. 30.

## Summer Tours Scheduled by Y Travel Study

Nine travel study tours are being conducted this summer by the Travel Study Office of Brigham Young University.

Each tour is led by an experienced professor, and optional credit courses are available for those who wish to continue their studies.

The first two tours were a Bible Lands Tour directed by Dr. Truman Madsen and Lynn McKinlay, and a Spring Tour of Europe, which members of the Semester Abroad Faculty will direct. The Bible Lands Tour was interrupted by the Middle East War.

A Round-the-World Tour, directed by Dr. Richard L. Gunn, began June 7 and ends August 26. Other tours leaving in June include Peoples and Arts Tour of Europe, directed by Dr. John R. Halliday and Dr. Roman Andrus (ends Aug. 17), a Student European Tour, directed by Dr. Melvin Mayne (ends Aug. 18), and a Mexico and Central America Tour, directed by Lyman Shreeve and Steve Covington (ends July 9).

July will bring the departure of a Genealogy Tour of Britain, a Church History-Hill Cumorah Pageant Tour, and a Hawaiian Socio-Cultural Tour.

A special autumn tour of the South Pacific has been added for those who prefer travel in the fall. It leaves Oct. 21 and returns Nov. 22 and will be directed by Doyle Green and Robert Taylor.

All tours are approved by the University Administration and the Board of Trustees, and all participants are expected to adhere to LDS standards of conduct.

Doug Curran, Stephen Nielson, Charles Hansen, Terry Douglas, Jay Sorenson and Julie Sandmire in a scene from "Holiday in the USA" which the Program Bureau is presenting in Europe.

## After European Study Students Arrive Home

Sleepy from their long journey and filled with tales of their adventure, 169 Brigham Young University students and their professors landed at Salt Lake airport Thursday (June 8) after four months of study in Europe.

The group participated in the BYU Semesters Abroad at Salzburg, Austria, which has been in operation three years, and at Grenoble, France, which has just finished its second year.

Taught both by the BYU professors and in the local universities, the BYU students studied languages, history, political science, European culture and music.

"The experience was a lot more than classes," said Dr. Dean Fransworth professor of English, who accompanied the group. "They have a much better insight into our own culture and national values and appreciation for the peoples of the world."

Some of them fell so in love with

the local cities they stayed work until BYU autumn semester.

Other professors in the group were Dr. Hans-Wilhelm Hentschel, associate professor of German, leader of the Salzburg group; Louis Madgley, associate professor of political science; Dr. Louis Cardon, assistant professor of history; Kurt Weinzinger, assistant professor of music; and J. R. Clark III, professor of French, classical languages, leader of the Grenoble group.

The students agreed they received warmly at both cities the Europeans still think all Americans are rich. They participated in the local branches of the Church Jesus Christ of Latter-day Saints and gave many speeches and programs.

In Salzburg, the BYU mixed us and ladies choruses gave performances in the Mozart famous music school of the University of Salzburg, and a concert in Vienna. On one occasion they

Framed by the Arc de Triomphe in Paris, students on a BYU Travel Study Tour pause to check directions on their city map.

BYU students board one of the many airplanes in which they traveled during their exciting "Semester Abroad" in Grenoble, France, and Salzburg, Austria.

STEPHEN R. COVEY  
and of University Relations

DR. DEAN A. PETERSON  
New Assistant to President

DR. ROBERT K. THOMAS  
Assistant Vice President

## Three Named to Executive Posts

Three executive appointments announced today by President L. Wilkinson of Brigham Young University, effective

Robert K. Thomas, assistant vice president of English and director of Honors Program for gifted students, has been named assistant vice president.

Stephen R. Covey, who has held administrative posts as president and director of university relations, will become assistant to the president in charge of university relations.

Dean A. Peterson, now director of the Summer School, will serve as administrative assistant to the president.

Thomas will assist Dr. Earl Cickett, academic vice president, in the engaging of faculty, development of curriculum, sabbatical leave, student advancement and academic matters. He received his B.A. degree at Reed College, the M.A. at University of Utah, and the Ph.D. at Columbia University, and was coach of the College Bowl TV team in

Center, University Publications, Speakers Bureau, and internal relations. Dr. Peterson formerly served as Summer School director and returned to the position last autumn semester after serving as president of the Norwegian LDS Mission. A professor of business education, he

also has taught at Dixie College and Weber College, and was economic administrator to the Point Four program in Iran, 1951-54. He holds the B.S. from BYU, and the M.S. and Ed.D. degrees from University of Southern California. He is president of the BYU 7th Stake.

## Late Summer Program For Honors Students

A special late summer program for freshman and sophomore Honors Program students will be offered Aug. 18 to Sept. 13 to enhance basic skills used in university work.

Core of the program will be classes in philosophy, English composition and group relations. Participants will receive college credit for Philosophy 300H and if work in English composition indicates, the student will be exempted from English 115.

According to Dr. Richard Poll, associate director of the Honors Program, the entering class of 200 students is the largest in the seven years of the program, and, "as measured by high school grades, national tests and recommendations, it is also the best group."

To finance the new experimental program, the University has appropriated a scholarship of \$85 per student from a grant by the ESSO Corporation. The cost to the student who lives on campus for room board and fees will be \$33 for the pre-school course. Students wish-

ing to commute daily will pay \$10 for the course.

Interested students should send a \$10 deposit no later than Aug. 19 to Honors Program.

## Busy Social Season

Social activities will start at BYU with the first wave of returning students. Get-acquainted dances and parties are scheduled every night during orientation and registration week in the Wilkinson Center Ballroom and Cannon Center.

According to Merwin Grant, social activities vice president, there are outstanding activities planned each week during the school year. Every week there will be an organization, academic program or special event featured. Many of the

## Scholarship Program Greatly Expanded

An expanded program of scholarships and financial aids goes into operation at Brigham Young University for the autumn semester.

President Wilkinson explained that the high scholarship standards at BYU are attracting the top scholars and producing a student body of high quality. However, many of the good students who would like to attend BYU have been hindered by financial considerations.

A decision of the Administrative Council last spring increased the amount of money available for scholarships by 85 per cent.

The expansion set up 15 new David O. McKay Scholarships per year, offering exceptionally promising male students scholarships up to \$1,500 a year. The first students will enter on these awards this autumn.

BYU awards also about 3,000 scholarships which range from part tuition to full tuition and fees on and renewable basis. There are many private scholarships such as the Hinkley Scholarships for \$750 each and the Kennecott Scholarships for \$1,000. The new program also will assist students already attending BYU.

In addition, BYU has inaugurated a system of "package" offers to leading scholars which include a loan and a part time job opportunity in addition to the scholarship.

Next year for the first time, loans will be made to incoming freshmen. Since 1958 the BYU student loan program has allowed students to borrow \$200 to \$500 a year with no interest until six months after graduation, then interest at per cent.

The new plan increases the loan limit from \$2,100 to \$3,000.

## Two Plans Offered For ROTC

The U.S. Air Force, which is seeking top quality young officers, prepares men for these executive positions in two separate programs at BYU—the traditional four-year program and a new two-year program.

The two-year program is designed to provide greater flexibility in meeting the needs of students desiring Air Force commissions. The basic requirement is that the student have two academic years remaining at either undergraduate or graduate level, or a combination of the two.

Applicants must pass a written examination, the Air Force medical examination, and be selected by an interview board of Air Force officers.

After successful completion of a six-week field training course, which prepares the cadet for the professional officer course, applicants are permitted to enroll into Air Force ROTC on campus.

Travel pay is paid to and from camp and the student is paid over \$120 while there. During the two years in the program, cadets receive \$40 a month.

The new college student may enroll in the traditional four-year program. He pursues the general military course for the first two years and then enters the same professional officer course as the two-year cadets. The four-year cadet attends a four-week field training course between his junior and senior years.

A limited number of scholarships is available to students in the four-year program. Applicants will be required to pass a pre-entrance examination to be given five times on Sept. 13, in 172 Jesse Knight Building.

## Dramatic Arts Arrange Exciting Play Schedule

The dramatic schedule of the 1967-68 season has been announced by Daniel J. Woodbury, chairman of the Brigham Young University Dramatic Arts Department.

Scheduled for Oct. 13-20 is "The Maker," by Thornton Wilder, which has the musical "Hello, Hello" adapted, December 8-14, "The Royal Hunt of the Dracula," by Bram Stoker, which was scheduled for last year but production rights were not available at that time.

First of the season will be as "On Borrowed Time," Nov. 15-17, "The Adder on the Roof," Nov. 17-19, "An Inspector Calls," Nov. 19-21, "Macbeth," Mar. 1-3, "The Rivality," May 1-3, and "The Rivality," May 1-3.

selected, will take place April 25 through May 11.

Dr. Woodbury pointed out that these productions are dependent upon the availability of the production rights. Some have been obtained already, and others are pending. If rights cannot be obtained, another play will have to be selected, and changes will continue to be made until then.

Also on the theater agenda will be two original plays by LDS playwrights, two "Reader's Theater" productions, two full-length classical plays to be videotaped, and two full-length doctoral dissertation plays.

One of the major productions will tour the Montana area, and another will probably tour by invitation of the USO and Defense Department, Dr. Woodbury added.

## Cougar Band Will Start Drills Sept. 9

The BYU Cougar Marching Band will start practicing for fall football programs Sept. 9 at 4 p.m. in the football stadium parking lot.

According to Richard E. Ballou, director of bands, and Grant Elkington, associate director, all students, especially freshmen and transfer students, are encouraged to come to campus early and play in the band. No audition is required for entrance into the band.

This year the band will play at five home football games, including Utah band day and the Homecoming game. As the plans now stand, trips to Phoenix and Utah State have been scheduled for games away from BYU.

The Cougar Marching Band has traveled to Michigan, New York, California, Texas and Arizona and has performed on the ABC network "Game of the Week."

All halftime shows are original and written specifically for the band.

## Academic Office Lists Six Books for Reviews

The Book Review Committee of the ASBYU Academic Office has scheduled the first six book reviews for the fall semester. The book reviews will be held in the Wilkinson Center, with exact rooms and times to be announced later.

Several recent and controversial books are among those to be reviewed by distinguished members of the BYU faculty. Students are encouraged to read as many of the books as they are interested in, and to plan to attend the lectures. Attendance at these reviews is an excellent way to become acquainted with professors in the various departments.

The dates, reviewers, books and authors scheduled are as follows:  
Oct. 4—Dr. J. Keith Melville,

associate professor of political science, "The Mormon Establishment" by Wallace Turner.  
Oct. 18—Dr. Blaine H. Porter, professor of child development and family relationships, "The Art of Loving" by Erich Fromm.

Nov. 1—Dr. Louis Midgley, associate professor of political science, "The Anatomy of a Slogan" by Kenneth Hamilton.

Nov. 15—Reviewer to be announced, "Up the Down Staircase" by Bel Kaufman.  
Nov. 29—H. Verlan Andersen, professor of accounting, "The Law" by Fredric Bastiat.

Dec. 6—Dr. Paul V. Hoyer, associate professor of history, "Confessions of a Chinaman" edited by Ruth Adams.

## Building

(Continued from Page 1)

will house the offices, classrooms and laboratories of the Departments of Agricultural Economics, Agronomy, Animal Science, Bacteriology, Botany, Zoology and Entomology, Biochemistry and Horticulture.

The site is expected to be the block just east of the Eyring Physical Science Center, now occupied by temporary buildings. It will contain about 218,000 square feet of floor space, larger than the J. Reuben Clark Jr. Library. Four of the large lecture rooms will have a capacity of 275 students each and will be used as chapels for eight campus wards.

**High Pressure-Temperature Research Building**—This building is completed with the exception of some interior partitions and already is in use. It is located south of the Fletcher Engineering Science Laboratory Building and was constructed especially for the research being headed by Dr. H. Tracy Hall, first man ever to produce diamonds synthetically in the laboratory. It is constructed of aluminum siding.

**Benjamin Cluff Jr. Building Extension**—Working drawings are being prepared for the addition to the Plant Sciences Building. The project will extend the present L-shaped building 75 feet to the west and add 5,400 square feet of floor space on two floors. The present building was completed in 1955.

The extension will include mostly laboratories for use of classes and research by graduate students and faculty members, including a new plant physiology laboratory, darkroom for photography, temperature control rooms, and classrooms.

## Registration

11:30 Rich to Rich 4:00 Rich to Rich

## Many Work and Study

More than 40 per cent of Brigham Young University's students maintain part time jobs while in school.

According to the Campus Employment Service, these jobs are divided equally between off-campus and on-campus employment.

Even with this high percentage, the number of jobs available has never quite equaled the number of students seeking jobs, he noted. It's easier to get work at the beginning of the first semester and later in the second semester, when outdoor work becomes available, than any other time during the school year.

Students seeking employment should be willing to accept a reasonable offer and arrange their class schedule so that they have the same block of hours free each

This new addition to the Jesse Knight Building, a corner of which can be seen at left, will be completed when BYU students return for

autumn semester, providing many new classrooms and a baptismal font.

## New Off-Campus Units Being Built

Approximately 11,500 Brigham Young University students next year will be housed in off-campus units, many of which are still under construction.

Although on-campus units can accommodate almost 6,000 students, the only openings for the coming year are in the men's complex of Heleman Halls. These openings are

expected to be filled soon by returned missionaries and discharged military men.

About 2,500 BYU students commute to the University from their homes in northern and central Utah.

On-campus housing for men and women is provided in Heleman Halls and Desert Towers. Two

additional units, Heritage Halls and Wymount Terrace, offer housing for women.

Married students are accommodated in Wyview Village and Wymount Terrace and the demand always exceeds the available openings.

Residence halls on campus provide cafeteria and snack bar facilities, recreation areas, post offices, study rooms and lounge areas.

All off-campus apartments, homes and sleeping rooms must be approved by BYU's residential housing office. Each facility is visited periodically by housing representatives to insure that BYU standards are maintained.

University policy requires that students live in on-campus units or in approved off-campus units. A complete rental listing of all approved facilities in the Provo area is available in the residential housing office on the main floor of the Smith Administration Building.

## Y Servicemen Urged To Check on Benefits

Veterans who have not previously applied with their Veterans Board for financial assistance should visit room B-229 of the Student Administration Building as soon as possible.

This advice was given by Alma W. King, military adviser at BYU, who says that many veterans lose several days' pay simply by not registering early enough.

Veterans who have applied for educational assistance need only inform Mr. King of the number of credit hours they are taking.

If the proper forms are not filled out during the first 15 days the pay for that time is lost and each day thereafter another day's pay is lost.

Everyone submitting applications

during the 15-day grace period receives pay for all 15 days.

Children of servicemen who died of injuries received while in military service during World War I, World War II or the Korean War also are eligible for financial aid.

Veterans who are students at BYU for the first time should bring a photostatic copy of their discharge papers, marriage license and birth certificate of children.

The educational payments are available for a period of 36 months and must be completed within eight days after discharge.

Financial assistance for full-time students begins at \$100 for single students \$125 for students with one dependent and \$150 for students with two or more dependents.

## Two Units Joined In Biology Area

The Agronomy and Horticulture Departments of the College of Biological and Agricultural Sciences have been consolidated into a single department under the name of Agronomy and Horticulture, it was announced by President Ernest L. Wilkinson.

Dr. Raymond B. Farnsworth will serve as chairman of the new department.

Agronomy includes the areas of field crop production, irrigation and drainage, soil physics and chemistry, conservation, soil microbiology, plant breeding, etc.

Horticulture includes fruit production, nursery practice, orchard management, landscaping, home grounds beautification, pest control, etc.

## BYU Split Language Four Ways

The Brigham Young University Language Department will be divided into four departments a program next autumn.

The language department, formerly under the chairman Dr. R. Max Rogers, has been divided into the Spanish and French, French and Italian, German and Slavic, and Oriental Classical language departments.

The program in linguistics, recently announced its expansion. Although it is not large now, it will be made a department, increasing rapidly, according to Dr. B. Clark, dean of the College of Humanities.

### CHAIRMAN NAMED

The new department chairmen are Dr. M. Carl Gibson (Spanish, Portuguese), Dr. Thomas Brown (French and Italian), R. Max Rogers (German, Slavic), and Fred J. Prosser (Oriental Classical) and Dr. B. Clark (Classical and Oriental). The linguistics program is headed by Dr. Robert W. Blair.

Included in the Germanic Slavic Language Department are German, Norwegian, Swedish, Dutch, Finnish, and Russian. In the Classical and Oriental Language Department are Greek, Hebrew, Arabic, Chinese, Japanese and Korean.

### DEGREES OFFERED

Many degrees in languages are offered at BYU. The B.S. and Ph.D. degrees are offered in French, Spanish and German; the B.A. and M.A. in Portuguese and Latin. Only the B.A. is offered in Russian, and only the M.A. in linguistics. Degrees in two languages are pending, Dean Blair said.

"BYU is extremely strong in languages," Dean Clark said. "The University is drawing students from all over the world who are coming here to study languages. The university could provide, in a unique situation and gives an extraordinary advantage in language training."

## Orientation Sept. 11-13

Freshmen and transfer students will get acquainted with BYU Sept. 11-13, during orientation week.

Dave Felton, student orientation chairman, said that scheduled tours of the campus, hiking, dancing and movies have been arranged for entertainment. Getting acquainted with the deans of the colleges and receiving information about academic and university standards, AFROTC and registration will be a part of the week's activities.

Following a group orientation meeting Tuesday morning, Dean of Students J. Elliot Cameron will speak at 10:30 a.m. about the responsibilities of the student. In the afternoon, tours of the campus will be taken by the new students who will be divided into Y groups of 25-30 students each.

Wednesday all of the students will make final preparations for registration by checking with their advisers, making class schedules and paying tuition and fees. Registration for new students will be Thursday. That evening students

will hear a guest speaker at a football stadium talk on "Life at BYU." The movie "The Robe" will be shown at old stadium immediately after talk.

Registration for upperclassmen will continue throughout Friday and Saturday, while new students will hike Y mountain and attend dances, bowl, swim and go for classes.

## Chairmen Chosen In Social Science

Three new department chairs have been appointed in the College of Social Sciences, President Ernest L. Wilkinson announced.

Departmental chairmanships at BYU are changed on a revolving basis, the President said.

The new chairmen are Dr. T. G. Myers, Department of geology and Anthropology, succeeding Dr. Ross T. Christensen; Dennis Jones, Department of History, replacing Dr. Eugene Campbell; Dr. Daril M. Pedersen, Department of Psychology, replacing Dr. Robert J. Howell.
